Reading Plus What It Is: Free printable skill-building packages help develop reading comprehension in essential concepts like reading, main idea and themes, interaction of ideas, use of language, structure, point of view, imaging scaffolds, reasoning and rhetoric, and comparative reading. PBS Learning Media What It Is: This site uses curated PBS videos along with lesson plans, interactive materials, and more to cover lots of subjects in an engaging fashion. Teachers can set focused work to consolidate existing knowledge and get real-time feedback on each individual child, making it an ideal home learning tool. Twig Education What It Is: Twig offers a variety of tools including twig Science tools for elementary school students, twig Secondary for grades 6-12, and free grade-level packets for distance learning. Achieve3000 What It Is: A comprehensive suite of digital solutions that significantly accelerate literacy and deepen learning across the content areas. What They're Offering: UL Xplorlabs resources are always free. Book Creator Boolean Girl What It Is: Non-profit organization Boolean Girl's mission is to teach kids and teens how to code, build, invent, and animate. Aimed at Grades 1-8. Boreal Tales also allows teachers to track student progress and give specific, personalized feedback. What They're Offering: They've put together a list of free online games kids can play at home. What They're Offering: Free printables for parents and students to use at home. It adapts questions to each student, using engaging games and rewards for effort and achievement to build their confidence, and is proven to accelerate progress. Available for grades 3-8. What They're Offering: Sparkly Schoolhouse resources are free and include lesson plans for K-2 and 3-5. Trend Enterprises The TV Teacher What It Is: A program for PreK-1st grade students and those with special needs to learn to write their letters, numbers, and shapes using fun visuals, rhythmic chants, and repetition. Fiveable What It Is: The site offers live streams, trivia battles and Q&A forums where students can connect directly with teachers across 15 different AP subjects within English, STEM, History, and Social Sciences. Nomadic What It Is: Nomadic is a digital learning pioneer launching a Remote Work Boot Camp to help newly remote folks get better equipped to face our current working reality. Teachers have access to a special dashboard to track students' reading progress, change their reading levels, and see students' answers to comprehension questions for each article. Teachers can learn more here- (ZIML). They offer weekly activities based on their award-winning VL2 Storybook Apps to support bilingual language development. Woodlap What It Is: Rather than fighting smartphones, Woodlap turns them into an exceptional learning tool. What They're Offering: Access to free upcoming live and recorded sessions. Bamboo Learning What It Is: Free, voice-based educational applications for students in grades K-5 (available on all Alexa devices, including Fire tablets, Echo Dot, Echo Show, and Fire TV) that promote active conversational learning, cover a range of academic subjects (math, ELA/listening comprehension, social studies), and focus on fun, home-based, family-friendly learning. Rozzy What It Is: Rozzy Learning has engaging lesson plans and other resources for science, social studies, math, and STEM for K-8th grade. Land of Tales What It Is: The Land of Tales' Movie Books allow young readers to live the magic of their favorite 3D animated tales. What They're Offering: Free, unlimited trial usage for schools until July 2021. Seekadoo's content database is carefully curated to ensure appropriate material for children and integrated ad-blocking eliminates tracking and monetization of children's data so their digital footprints remain private. It's best used as a companion to other online teaching methods like web conferencing as it's meant to review information students have already been learning. Sign up here- Freckle Funexpected Math What It Is: Funexpected Math is an interactive application for kids aged 3-7 featuring a growing collection of math-related games that teach various types of thinking and improve learning skills. UL Xplorlabs What It Is: UL Xplorlabs is an educational platform designed to encourage middle school students to solve through science. What They're Offering: Free to use. What They're Offering: Through they are offering free system access for students; free downloads including lesson plans and activity sheets; and free and discounted professional development courses for teachers, school counselors, and parents. What They're Offering: Free resources! Merge What It Is: Merge developed the award-winning Merge Cube, Headset, Miniverse, and EDU Platform. Voces Digital What It Is: These online learning resources are specifically for those who teach French, Spanish, and ESL. Visit their site, with links at the top for both schools and parents. National Constitution Center What It Is: The NCC offers Exchange programs for middle school and high school students. Learn more here- Sadlier School. ReadWorks What It Is: Access thousands of high-quality, free K-12 articles, and create online assignments with them. It's specifically aligned to learning standards in the UK, but the skills apply to students everywhere. Critical Thinking Co. What It Is: The Critical Thinking Co. publishes award-winning PreK-12+ educational textbooks, activity books, e-books, and apps that help children become better problem-solvers. Knowre What It Is: An online core supplement for grades 1-12 that was designed to be used in classrooms to help teachers with increasing responsibilities and numbers of students. The free content includes an activity to help students develop their planning and organizing skills as well as the "Why Soft Skills" Lesson. Schools affected by COVID-19/coronavirus can get 6 months of Seterra bonus features for free. What They're Offering: All-access for free for 30 days during the COVID-19 crisis. Big Timber Media What It Is: An eBook hosting platform for schools and libraries. TeachRock What It Is: Established by musician and activist Steven Van Zandt, TeachRock provides teachers across the country with a unique and effective way to engage at-risk students across disciplines. Muzology What It Is: Muzology harnesses the power of music to make math fun and accessible. What They're Offering: PhET is always free for all users. Pixton EDU What It Is: A web-app that gives teachers and students a unique way to create stories, demonstrate learning, and enhance writing assignments - in any subject - through digital comics. What They're Offering: Audible is offering hundreds of free audiobooks for kids. John F. Miniland What It Is: Free digital educational resources platform that connects educators and students through Real and Digital play. Click here to see them.
